“Be the RightKind for WildKind”

Bukisa's Camp

Situated in the heart of the SanWild Wildlife Sanctuary and dwarfed by Spitzkop, this luxury tented camp looks out over the vast vista of the Drakensberg Mountains and will ensure you enjoy tranquility and serenity.

Come and save your soul without delay at the Bukisa Camp.

The camp consists of 4 safari-style tents, each with an en-suite bathroom and electricity. A central facility consisting of a lounge, dining and pub area with a fireplace, fully equipped kitchen and rock pool for cooling down on hot summer days.

Undercover parking available for guests.

You are almost guaranteed to have a visit by Bukisa's herd at the waterhole below the camp. This small group of elephants were rescued from a culling operation in the Thukela Biosphere Reserve in 2006 and have found a safe haven at SanWild.

You may even be lucky enough to spot an elusive pangolin or leopard.

The camp is available on a selfcatering option.
A daily game drive is included in our rates.

Savannah Bush Camp

The stylish Savannah Private Bush Camp consists of four luxury chalets with en-suite bathrooms and thatched roofs. Satellite television is available in all the chalets.

The central facility is set in beautiful gardens with a rock pool where guests can escape the heat while keeping a close eye on a wide variety of wild animals drinking from the waterhole a mere 80 meters away. The camp is completely fenced to keep out SanWild's large wild animals like elephants, rhinos and hippos.

Your hosts are ready to welcome you and to ensure that your stay is a memorable one. Meals are served in the dining room cum lounge that has a huge fireplace for those cold rainy days. A veranda under thatch lead off to the dining room and includes a small pub where guests can relax or socialize during the day.

You can choose to take a leisurely morning or afternoon game drive. Night drives are done by special arrangement.

Profits generated from the Savannah Private Bush Camp are applied on an equal basis to animal emergency rescues, resource management and the running of the wildlife rehabilitation centre.
